2018 Annual Report

Message from the CEO

Cornwall Public Library members now have more choice of formats and services than ever before! This year the Library focused on enhancing the overall customer experience by introducing:

- ♦ Automatic renewal of library items, no more worrying about due dates and overdue fines!
- ♦ RFID self-checkout stations - a popular option for those in a hurry.
- ♦ A new streaming service featuring movies, TV series, audiobooks and a comprehensive music library.
- ♦ Upgraded public Internet service.

coding work-

- ♦ New technology programs like 3D printer workshops, shops for youth, and virtual reality teen programming.

The library also focused on enhancing services to families by refurbishing the Youth and Children's department with new furniture, flooring and bright, inviting colours. New spaces were created for a giant Chess set and Lego table.

A new Youth and Families section was added

to the library's website. It features program and movie schedules, e-resources for children and youth, online booking for class visits and useful resources for parents.

The library thrives on community partnerships for quality programming and 2018 was no exception. We offered over 1,000 programs and provided meeting space for many interest groups which help reduce social isolation. The Summer Movies program was again a fan favourite. We hope to see you at your Cornwall Public Library soon!
